Good Afternoon,

Thank you for your support throughout the Refugio Incident. Most response activities are complete and we have transitioned into the monitoring phase. As we continue to move forward, our emergency response procedures requires us conduct a Hot Wash or "Post-Incident Review." The Hot Wash will help evaluate the response to the incident, document the results, and present findings/recommendations to improve the program.

We anticipate 65+ personnel to attend the Hot Wash from Plains, USCG, USEPA, PHMSA, State of California, Santa Barbara County and key consultants. Please indicate if you plan to attend the Hot Wash and a roster of attendees who will support your organizations so that we can plan accordingly. To reserve a room under the group rate please call 805-278-2200 and ask for the "Refugio Incident Group Rate."
